

# TRD PRO

TRD Pro Double Cab shown in Super White with available Desert Air Intake.<sup>51</sup>

See numbered footnotes in Disclosures section.

TRD PRO SERIES

#### TRD PRO SERIES SKID PLATE

A unique TRD Pro skid plate comes standard on Tacoma TRD Pro. Constructed from ¼-in.-thick aluminum, this piece of armor helps protect crucial mechanical components underneath the front end, so you can even go beyond points on the map.

#### OTHER INTERIOR ACCENTS

The interior features unique TRD Pro floor mats<sup>16</sup> and a leather-wrapped shifter with a TRD shift knob. With its red contrast stitching, embossed TRD logo and bright chrome accent ring, taking control never looked — or felt — so good.

#### LEATHER-TRIMMED SEATS

Hard-core comfort. Heated, leather-trimmed seats help keep you warm when you're charging through the snowy wilderness. And with TRD Pro logos embossed on the headrests, this truck's interior is the most stylish cabin on the mountain.

See numbered footnotes in Disclosures section.

#### FOX<sup>®42</sup> INTERNAL BYPASS SHOCKS TUNED BY TRD

This is extreme engineering. FOX<sup>®</sup> Internal Bypass shocks tuned by TRD give you the ultimate in performance and control. Featuring 2.5-in. aluminum housings; hardened, oversize shock shafts; a raised front ride height; and remote reservoirs in the rear; this suspension helps knock the edge off the rough stuff.

2017 model shown.
